Below is the contact information Con Edison currently has on record. Please review this information carefully to ensure its accuracy. If any of this information is **not** correct, please make the necessary corrections on this form and email to EM-InterruptibleContacts@coned.com no later than **August 21, 2026**. Contacts must be available to receive the notice of gas interruption on a 24-hour basis, including evenings, weekends, and holidays. You may provide up to five (5) telephone numbers and up to six (6) contacts from the other categories.

If you provide a phone number(s) for text messages, you must text "Start" to 96566 from the phone(s) wishing to receive interruption notifications prior to November 1, 2026, to be enrolled to receive future text messages. If you provide us with contact information exceeding the maximum contacts allowed, we will take them from the top of the list until the limitation is reached.

Please note that Con Edison provides notification by means of an automated recorded message, and therefore, our call cannot go to a telephone line that requires a mechanical or oral response to connect the call or to a pre-recording that may cause the loss of all, or part, of the message.

If your contact information changes at any time after you submit this form, it is your responsibility to send the updated information to EM-InterruptibleContacts@coned.com.
