

Small Business & Nonprofit Energy Efficiency and Electrification Program 2026 Incentive Factsheet

Use Less Energy and Save Money!

Own or manage a small-medium business or nonprofit? Take advantage of financial incentives for approved equipment upgrades that can help you save energy and money! We offer incentives that cover up to 70% off the cost of installing energy-efficient equipment and up to 50% off building electrification installation costs.

Is your business part of a Fortune 500 company? Fortune 500 companies (as defined by *Fortune* magazine) and their subsidiaries are encouraged to participate; however, they are eligible for 75% of the incentive rates included herein.
